Take Pride in Your Property

It is a Borough Property Maintenance Code that all premises and exterior property must be kept free from weeds or plant growth in excess of ten (10) inches. All public walkways, steps, and similar paved areas for public use shall also be kept free from hazardous conditions such as overhanging trees and bushes. Officials will be checking and enforcing this policy. Please do your part to comply and keep our borough beautiful!

Complaints

The Borough investigates probable ordinance violations based on written complaints. If you feel someone is in violation of a borough ordinance, a complaint form must be completed and submitted to the Borough office prior to any investigation. All complaint forms must be signed and dated. Any anonymous complaint form submitted will not be addressed. Forms can be found in the lobby of the Adamstown Area Library or online at the following link: <http://adamstownborough.org/DocumentCenter/View/154>

Protect our Watershed!

What is MS4 and how does it affect us? MS4 stands for Storm Water Discharge from Municipal Separate Storm Sewer Systems. Storm water originates from rain or melting snow/ice that runs off surfaces such as rooftops, streets, construction sites, lawns, and fields. Storm water runoff can pick up debris, chemicals, dirt, and other pollutants as it makes its way to storm drains and natural waterways. What can you do to help?

- Plant native trees & plants
- Clean up after your pet
- Use fertilizers properly and efficiently to prevent excess runoff
- Store gasoline, oil or other chemical materials indoors
- Monitor storm water inlets near your property

NEVER dump anything down the storm drain, in a stream or other body of water
