ADAMSTOWN COMMUNITY POOL INFORMATION

Pool season is here! Please see the included membership application and code of conduct for this year. We also accept membership applications & swim lessons via our website.

NEW FOR THE 2024 SEASON!

We will no longer accept cash as payment for daily gate fees, memberships, swim lessons or pavilion rentals.

Community Days will be held again this year May 23-May 26th! It is a carnival with top-notch rides as well as game and food stands. We are very proud that we are able to offer free admission, free parking, and free entertainment (donations accepted). We take pride in providing fantastic first-rate entertainment and an incredible fireworks show.

Adamstown Fire Company continues to operate the department with 100% volunteerism as a non-profit entity. We rely on grants, municipal support, and the generous support of our community through the fund drive and many fundraising activities. How can you help us continue our rich history of care, compassion, and dedication to the Adamstown and surrounding communities? Your 2024 fund drive should be arriving soon, don't forget to mail yours back. Join us at any upcoming fundraising activities (check our Facebook page and fire station sign board for event announcements). Become a firefighter or support personnel; stop at station on a Monday night at 7pm to get an application or reach out to us through our department email or Facebook page.

Water & Sewer

Information - Education

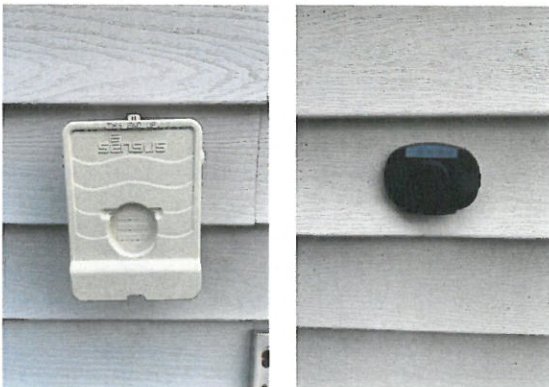

Please take note of the information below. Our water meters are read via the sensor mounted on the exterior of the property. In order to correctly have our hand held readers access that information; below are some helpful tips and examples.

Trees, Plants and Landscaping

- Trim bushes, trees and grass that block access or cover the device.
- Minimize plantings in that area
- Remove low hanging branches

Objects

- No object should cover or block access.
- This includes:
 - Lawn ornaments, flower boxes, rocks, garbage cans, recycling bins, etc.
 - Paving, Fencing, decking and other structures not to obstruct sensor.
 - Avoid parking vehicles, trailers and other equipment that blocks device.

Protect our Watershed

Stormwater from your home & from the public streets goes into a storm sewer, which goes directly into streams & bodies of water used for swimming, fishing and providing drinking water. This water is not cleaned in any way and does not go to the waste water treatment plant. We all drink water, so we are all affected when our water is polluted. Streams and creeks feed into rivers, lakes and the ocean. If you like to fish, swim or boat, pollutants will affect you. When we pollute our water, everyone is affected!
